FYI. I don't see this as a problem at all, just wanted to let you know.

Thanks for passing that along. I did introduce myself to Jes at the meeting, but if any of you get calls from reporters on this issue, please let them know I'm the first point of contact for media (which you probably did, Karen. Thank you for helping her.)

I received a call from Wesley Voth, who is freelancing for the Siuslaw News. He was at the meeting as well and is doing a followup story for the Florence-based newspaper.

Have a good weekend, everyone. A reminder, I'll be out of the office next week until Thursday. If anything comes up, in my absence, I suggest Christine be the media point of contact. Sound good?

Hi Christine,

Jes Burns from KLCC contacted me this morning. She recorded the meeting and was asking who the person was that talked about air - she played a clip for me and I identified Elizabeth Allen from EPA as the speaker. Jes is doing a story for FSRN (Free Speech Radio News) to air Monday or Tuesday. She said one already aired on KLCC
